SIMON

AROUND THE WORLD

Founded in 1916, Simon is the head of an industrial group that has grown, thanks to the efforts of thousands of people, to position itself as the leading company for low voltage electrical equipment, with a human team counting 4,000 people around the world, and establishments in 16 countries, 10 of which are production centres.

Simon's product portfolio ranges from device collections, connectivity for workplaces, control systems, interior and urban lighting and electric vehicle recharging.

Simon maintains its commitment to design and technical innovation with small electrical equipment, the result of 100 years of experience creating different types of interfaces for different regions across the globe.

Recognised for their high quality and aesthetic standards, Simon products have been awarded prestigious international awards such as the Red Dot Award, If Design Gold Award, Plus X Award and Delta Award in various categories.

Simon offers users the possibility to create spaces and atmospheres that can be touched, seen, heard and felt. Unique sensations at your fingertips.
